The Early Childhood Block grant requires a cash match that must be raised locally. The cash match demonstrates to the Children's Cabinet that our communities value the programs that we provide. The MCPC programs listed above provide valuable and needed services to area families and preschools. MCPC serves over 300 children and families on a yearly basis. We are asking you to consider donating to MCPC, your donation will benefit all children birth through preschool in our communities. Your contribution to MCPC will:

- Help families afford quality child care for their children.
- Ensure every child in our community is in a safe and nurturing environment.
- Ensure that our community continues to qualify for state funds.
- Improve long term outcomes for at-risk children in our community

Please consider helping us achieve our cash match goal and continue to provide the essential services that improve our communities. **All contributions stay in our communities and help our neighbors.** The local contributions will bring matching dollars from the state into our communities. **This money will help MCPC achieve its mission of ensuring that all children enter kindergarten socially, emotionally, and academically ready to learn.**

Please complete the form on the back and send it to us with your donation in the stamped envelope provided. **Make checks payable to: Mitchell County Partnership for Children.** Thank you for supporting our local children!
