

# 2022 Severe Weather Awareness & Storm Spotting

## Thursday, March 24, 2022

### ***Weather Safety & Spotter Training***

A Meteorologist, from the Hastings Office of the National Weather Service (NWS) will present the training.

The program provides severe weather training and education for everyone. Plan to spend two hours learning about storms and severe weather safety.

The training consists of a multimedia presentation, lecture and question and answer period. Printed materials will also be available.

If you have any questions, please call David Dohe, Mitchell County Emergency Manager at 785-738-6535 or the Hastings National Weather Service (NWS) at 402-462-2127.

***This program is presented as a co  
operative effort of the Mitchell County Emergency  
Management and the National Weather Service of Hastings.***

**Location will be the NCK-Tech Campus in the Severance Student Union Conference Room  
on Thursday, March 24, 2022 from 6:30 p.m. to 8:45 p.m.**
